## Overview

We, Al-Masila Establishment for General Trading & Oil Services Company introduces ourselves as one of the oil field services company working in the Yemen Oilfield and having head office in Seiyon – Hadramout, the supreme Oil & Gas reservoir of Yemen and having branch office in Sana'a – the capital city of Yemen.

Our establishment incorporated in the year of 1999, with transportation services to the oilfield companies, and with last 12 Years of growth we reached to many other services area like Trucking & Transportation, Manpower supply, Equipments and Vehicle rental services, Material Supply, Clearing & Forwarding, Construction & Maintenance, Catering Services, Security Guerds etc..

During these years we have been successfully fulfilled the service requests from the International Oil Producing & Exploration companies like TOTAL E&P Yemen, Canadian Nexen, DNO Yemen, Calvalley Petrolume, Yemen LNG, OMV Yemen, and International Oilfield services companies like Wetherford, Schlumberger, MI-Swaco, MI-Smith, Halliburton, Nabors Drilling, Geoservices, etc. With most of the above mentioned companies we are having a good business relation.

To fulfill the demand of our services other than the Head office & Sana'a branch office, we are having three major base camp operations in different oilfield production blocks like, Kharir Block 10 (TOTAL), Masila Block 14 (Canadian Nexen), Khasha Block 9 (Calvalley)

Safety is the priority of our establishment and as of today our base camp operations are zero accident/incident zones. To keep up this we are having a written and documented HSE Policy. To put this into practice we have well trained and professionally qualified Safety Officers in each base camps.

Simultaneously quality going hand-in-hand with safety in our firm. With the help of an Organized Management System and a group of professional experts we could achieve this. More over most modern equipments and maintenance free vehicles make our task easy.

Kindly go through the following pages for more details, but the highlighted items are only a brief of the entire activity. In short, we are interested to be a part of your oilfield activities in Yemen and we are one call/mail away from your esteemed organization.

Best Regards

Nasser Saeed Basamada
